Front-end Developer with experience in **React, Angular, and TypeScript**, focused on creating high-performance applications. Proven track record of improving web efficiency by 35% and streamlining internal operations through automated tools.

PROFESSIONAL EXPERIENCE

Lojas Marisa | *Front-End Developer* | *Feb/2022 – Feb/2024*

- **SEO & Performance Optimization**
  - **Situation:** The website faced performance bottlenecks and low search engine visibility.
  - **Task:** Identify and resolve technical debt to improve page load times and organic reach.
  - **Action:** Conducted deep audits and refactored code using **React, TypeScript, and Bootstrap**, implementing web performance best practices.
  - **Result:** Achieved a **35% increase in SEO score** and a significant reduction in page load times.
- **Reimbursement Tool Development**
  - **Situation:** Internal reimbursement processes were manual and prone to human error.
  - **Task:** Conceptualize and build a digital solution to automate and simplify financial workflows.
  - **Action:** Engineered a complete application using **React (Next.js)** with **RESTful API** integration.
  - **Result:** Successfully reduced manual errors and increased overall operational efficiency.

Diebold Nixdorf | *Front-End Developer Intern* | *Feb/2019 – Feb/2020*

- **Queue Management System**

- o **Situation:** Internal task distribution lacked a centralized management system for team workflows.
- o **Task:** Develop a tool to organize and prioritize tasks within an agile environment.
- o **Action:** Built a **Single Page Application (SPA)** using **Ionic, Angular, and TypeScript**, collaborating in a **Scrum** environment.
- o **Result:** Streamlined internal processes and improved collaboration across multidisciplinary teams.

TECHNICAL SKILLS

- **Front-end:** JavaScript, TypeScript, HTML, CSS, Angular, React, Next.js, Ionic, Bootstrap.
- **Back-end:** Node.js, Java, Spring Boot, RESTful APIs.
- **Database:** MySQL, SQLite.
